

## Adverse Effect on Educational Performance

### Purpose of Special Education:

To ensure that all children with disabilities have available to them a free appropriate public education that emphasizes special education and related services designed to meet their **unique** need and **prepare** them for **further education, employment, and independent living**. (§300.1 , IDEA)

Below, you will find a list of some areas of educational performance (**academic, functional and/or developmental**) that are impacted by a variety of disabilities. Place a check next to any of the areas below that would impact a student's preparation for further education, employment, and independent living. Place an A (academic), F (functional), and/or D (developmental) in each column below.

✓	AFD	Areas of Educational Performance
		Academic performance
		Communication functioning
		Social functioning
		Pragmatic (social) language
		Organizational skills
		Group work skills
		Problem solving skills
		Emotion regulation
		Hygiene
		Behavior
